Regenerative Agriculture for Sustainable Development

Regenerative Agriculture plays important role in enhancing sustainability of agriculture, especially in areas with scarcity of natural resources. It aims at improving the soil fertility, increasing biodiversity, restoration of balance of ecosystems and climate change impact mitigation.

About the University

The Rani Lakshmi Bai Central Agricultural University has been established as an Institution of national importance under Department of Agricultural Research and Education (DARE) by an Act of Parliament (Act No. 10 of 2014) and notified on 5th March, 2014. The objectives of the university are to
